Cat soup
If I asked you nicely
See through
You know I'm all over you
Vamoose
I should say it louder
Sugar bear's been pushing me around for days
Come in my room and I smell it again
Well it brings me back to Demi on the bus
She sees me acting mean
That's the first time that I felt the buzz
I feel good all over
Perfume

You know I could still get you
Just move
Take a year to find it
Sugar bear's been fucking with my head today
Come in my room and I smell it again
Well it brings me back to Demi in my parents' bedroom
She sees me acting mean
That's the first time that I felt the buzz
(You don't think I want it any more and anything's
wrong)
