"Empty Days"

Visit "[Empty Days](#)" on MotoLyrics.com

started life
with infants eyes and your
unscathed by nothing
the way to act and the
the way to love and the
the way to be like others

just let your mind wander ooh
you'll thank the day that you know

story of my life
feels like suicide
all at once we talk
trying to hear more

two years gone
and your mind has sunk
into feeling numb
like a cancer
you'll know
now he's cut his throat
and will anybody ever know

think there's nothing left to ignore
there's so much left in store

story of my life
feels like suicide
all at once we talk
trying to hear more
