Got your message while I walked around
Yeah, frustration has it by the feet
And it's not as if he has a choice
Dinosaurs still walk the earth
Now it's mine to keep
It's what I brought with me
Filling up my chest
Coming home to nest I was wrong to give you any time

Yeah, I knew it now,
I know it then I hear electric music, solid walls of sound
Drowning down the staircase after you
Now it's mine to keep
It's what I brought with me
Filling up my chest
On the back you'll find a sweet long scar
I made it with my belt
