Kiss me when you go to bed
I'm leaving when you fall asleep
Kiss me and lay down your head
I'm leaving when you fall asleep
There was no other way I could not gently go
There was no other way
Kiss me when you go to bed
I'm leaving when you fall asleep
Kiss me and lay down your head
I'm leaving when you fall asleep
Be glad I did it now
Before you hold on tight
I'll make you hate yourself
Swear I will tear you up
I told you yesterday
She broke it to me nice and easy
I can't take you to give
Swear I will tear you,
I will tear you
Swear I will tear you up,
I will tear you up
Take your time, you move too fast
Not afraid of what you said
Take a look, it won't last
No-one's fault, sun just melts
Take your time, you move too fast
Not afraid of what you said
Take a look, it won't last
No-one's fault
I will tear you up
Kiss me when you go to bed
I'm leaving when you fall asleep
Kiss me and lay down your head
I'm leaving when you fall asleep
There was no other way I could not gently go
There was no other way
Kiss me when you go to bed
I'm leaving when you fall asleep
Kiss me and lay down your head
I'm leaving when you fall asleep
Believe that I did it now

Before you hold on tight
I'll make you hate yourself
Swear I will tear you up
I told you yesterday
She broke it to me nice and easy
I can't take you to give
Swear I will tear you,
I will tear you
Swear I will tear you up,
I will tear you up
Take your time, you move too fast
Not afraid of what you said
Take a look, it won't last
No-one's fault, sun just melts
Take your time, you move too fast
Not afraid of what you said
Take a look, it won't last
No-one's fault
I will tear you up
