I dance the rumba, the salsa, the cha cha
The limbo, the foxtrott and even the tango
With ladies and girlies with mummies and babies
And dj's gone play this cause it's on their playlist
And on my journey thru all of these dances
I found a lot of hot sax romances
But mambo seeked me and mambo freaked me
Than she realeased me - and this is how we go

Mambo mambo eh eh
The babes are all around me
Mambo mambo eh eh
Dancin' all night long
Mambo mambo eh eh
The babes are all around me
Mambo mambo eh eh
To the break of dawn

...

Mambo mambo eh eh
The babes are all around me
Mambo mambo eh eh
Dancin' all night long
Mambo mambo eh eh
The babes are all around me
Mambo mambo eh eh
Thank you for this dance

(repeat the 1st verse)
