I had some trouble with my baby  
So I had my fortune read  
I had some trouble with my baby  
And this is what the gypsy said  
The gypsy cried, she cried  
Gypsy, oh tell me, what is in your crystal ball  
Gypsy, oh tell me, will my tears fall  
She cried, she cried and said  
Watch your step, ooh she'll hurt you yet  
Oh no no no no no no no  
Watch your step, ooh she'll hurt you yet  
Oh no no no no no no no  
Gypsy, oh tell me, does she want to marry me  
Gypsy, oh tell me, when the wedding's gonna be  
She cried, she cried  
Listen to what the gypsy said  
Oh no no no no no no no  
Listen to what the gypsy said  
Oh no no no no no no no  
Gypsy, say it isn't true  
Watch out, ooh she doesn't love you  
Watch out, ooh she doesn't love you  
Gypsy, say it isn't true
