Beyond the blue horizon  
Waits a beautiful day  
Goodbye to things that bore me  
Joy is waiting for me

I see the new horizon  
My life has only begun  
Beyond the blue horizon  
Lies a rising sun

Beyond the blue horizon  
Waits a beautiful day  
Goodbye to things that bore me  
Joy is waiting for me

I see the new horizon  
My life has only begun  
Beyond the blue horizon  
Lies a rising sun

Beyond the blue horizon  
Waits a beautiful day  
Goodbye to things that bore me  
Joy is waiting for me

I see the new horizon  
My life has only begun  
Beyond the blue horizon  
Lies a rising sun

Beyond the blue horizon  
Lies a rising sun
