Still no news from you
And I walk through the night alone, stay away from
home
I watch the midnight sky
And wonder why is the moon so cruel, shining on this
fool
I've let heaven walk away, I need to feel you in my arms
again
I was king for just one day, that's long enough to know,
I can't let go
Chorus:
Now I climb this mountain high
It won't stop my heart from burning
Dreams for sale, tears and rivers running dry
It won't keep the world from turning
Oh, broken dreams for sale
Still can feel the heat, running through me with the
speed of light
I need you here tonight
Memories come and go, let me love you just once
again
I didn't know better then
There's a corner in your heart, a hideaway not even I
can see
I grow weaker in the dark, strong enough to know, I
can't let go
Chorus
Tears and rivers running dry
It won't keep the world from turning
Oh, broken dreams for sale
There's a corner in your heart, a hideaway not even I
can see
I grow weaker in the dark, strong enough to know, I
can't let go
Chorus
