Hang on alone without you, hang on enough to do what
must be done
One bridge to cross and one to burn
I'll tell you I won't hide and I won't run, this is Day One
I hear the drums on the battlefield, calling up my
courage and my pride
I can't explain the way I feel, but my heart of heart
won't be denied
Even in the darkest hours, I know my time will come,
this is Day One
You don't know about me, I'll give you a look inside my
heart
Don't walk away without me, because you know I've
loved you from the start
Even in the darkest hours, I know our time will come,
this is Day One
I had to watch from the shadows, while the light of your
star filled the sky
It's what I live for, it's what I fight for
Girl, I loved you so, from Day One
