I hear love knockin', but I must send it away
Lost but not forgotten, it just seems harder to take
But I know what people say, they tell me I must go it
alone
If I lose you along the way, will time ever heal the pain?
Only I know when it's over, only I know, only I know
When it's over, only I know
I feel a heart breakin', but I won't stand in your way
This love is lost, but not forsaken
We turn our backs and just walk away
Now I know what people see, they tell me I must go it
alone
It's over you but up to me, will time ever heal the pain?
Only I know when it's over, only I know, only I know
When it's over, only I know
I know when it's over, only I know, I'll know
When it's over, only I know
Now I know what people see, they tell me I must go it
alone
It's over you but up to me, will time ever heal the pain?
Only I know when it's over, only I know, I know
When it's over, only I know, I know when it's over
Only I know, I know, when it's over, only I know
