Kind of love, just a very special kind of love
Just a very special dream
I know I never lived before
Till I fell in love with you
Now the leaves are turning evergreen
Now my lonely nights are through
These magic moments we're wasting, baby
Let me tie some flowers in your hair
Makin' memories in a summer rain storm
It's love it's love well we really have love today

I'm gonna get married
I'm gonna get married
I'm surfing down the aisle on the wings of love
I'm gonna get married
I'm gonna get married
I'm surfing down the aisle on the wings of love
Kind of love, just a very special kind of love

Now you give my heart a song to sing
Lyrics are a many splendoured thing
You passed my chair, mess up my hair
All of these little things mean alot
Do I love you
You know I love you
This merry-go-round of love will never stop

I'm gonna get married
I'm gonna get married
I'm surfing down the aisle on the wings of love
I'm gonna get married
I'm gonna get married
I'm surfing down the aisle on the wings of love
Kind of love, just a very special kind of love
Kind of love, just a very special kind of love
Kind of love, just a very special kind of love
