Do the thing  
Come on, that shingaling, yeah  
Do the thing one time for me now  
Come on, that shingaling  
Do the thing, children  
Come on and shingaling, yeah

But if the thing you do, yeah  
Ain't the thing for you  
Come on and do the thing now  
That you know how to do  
Yeah, yeah, yeah...

Do the thing, children  
(Do the thing, children)  
Come on and shingaling now  
(Come on and shingaling, baby)

Let me tell you  
Do the thing, baby  
(Do the thing, baby)  
Let me tell you, shingaling now  
(Come on and shingaling, baby)

Can you feel that working  
(Can you feel that working)  
Then you feel like jerking  
(Then you feel like jerking)

But if you ain't through now, now  
(You ain't through now)  
You can boogaloo (boogaloo)

Then you make it straight  
(Then you make it straight)  
Come on and do that skate now  
(Do that skate)

And when you feel this thing  
That the music brings  
Come on now, lift your wings  
And shingaling

Do the thing, children  
(Do the thing, children)  
Come on now, shingaling  
(Come on and shingaling, baby)

Do the thing one time for me now  
(Do the thing one time for me)  
Let's see you shingaling, baby  
(I'm gonna shingaling)

Right here, we're gonna blow  
Now we gonna blow, ow, ow, ow

Do the thing, children  
(Do the thing, children)  
Let's see you shingaling, yeah  
(Come on and shingaling, baby)

Do the thing one time for me now  
(Do the thing one time for me)  
Let's see you shingaling, baby  
(I'm gonna shingaling, baby)

Do the thing one time for me now  
(Do the thing one time for me)  
Let's see you shingaling, yeah  
(I'm gonna shingaling)

Come on do the thing, baby...
