Lady love, your love is peaceful  
Like the summers breeze  
My lady love, with love that's tender  
As a babys touch  
You give me all of the things  
That I need so much  
You're my world, lady love

Lady love, your love is cooling  
Like the winter snow  
My lady love, with love that's cozy  
As a fires glow  
And I keep on needing you, girl  
A little more and more  
And I thank you, my lady love

You know, it's not easy to keep love flowing smooth  
People are people and they all have their moods  
But it's so nice just to have someone like you  
Who wants a smooth and easy thing  
And all the good times that it brings

My lady love, youve been with me  
Through all of my ups and downs  
My lady love, I once was lost  
But now with you I'm found  
You got the love I need  
And I want to stay around  
Heaven sent you down, my lady love

Let me tell you that it's not easy to keep love flowing  
smooth  
You know, people are people, they all have their moods  
But it's so nice just to have someone like you  
Who wants a smooth and easy thing  
And all the good times and the joy that it brings

My lady love, youve been with me  
Through all of my ups and downs  
And my crazy turn-arounds  
My lady love, you got the love I need

So stay around  
Heaven sent my lady love

Lady love, sweet lady love  
You are so good to me  
Lady love, like a warm summer breeze
