There was a girl, she led a life of a runaway
She didn't dream, she couldn't feel, she had to get
away
from everything she knows

Where do you go?
Who do you turn to, when you're all alone?
The world is cold do what you have to, to make it on
your own

It takes Time to live
Time to love
Time to do anything you're thinking of
Take Time... , cause
Time rolls on

There was a boy, he had a dream, he had to get away
A need to see, the other side of life so far away
from the world he knows

The world is hard, but there's a small chance
I know how he feels

To chase a dream, you got to run, boy
You've got to make it real

It takes Time to live
Time to love
Time to do anything you're thinking of
Take Time... , cause
Time rolls on

It takes Time to live
Time to love
Time to do anything you're thinking of
Take Time... , cause
Time rolls on

You have been my dream
Do you believe in me?
Then let our hearts be strong
and let it go go go go

It takes Time to live
Time to love
Time to do anything you're thinking of
Take Time... , cause
Time rolls on
