I don't have to beg you to hold me
Cause somebody else will
You don't have to love me when I want it, no
Cause somebody else will

Some kind friends say you don't need it
When all the time they're trying to get it
Look out, your good thing
Is about to come to an end
Your real good thing
Is about to come to an end

All those nights I watched the four walls
I did not have to watch them all alone
When other women said they wanted me, baby
I didn't have to tell them I was
Your very own

You have all the love I've got
Even ice melts to water and gets hot
Look out, your good thing
Is about to come to an end
You real good thing
It's about to end

Getting myself back together
Is going to be a big problem I know
But when the right woman says she wants me
You can bet I won't tell him no

Cause your real good thing
Is about to come to an end
