Somewhere, lost in the wind
I'm watching you
Sunlight touching your hair
And I remember
Somehow, we said that we would never stray
But somehow we lost our way
Promises too often spoken
Are easily broken apart

I'm ready this time
I know that I'm no longer undecided
Don't wanna be
A fool wondering what might have been

Trace of forever lingering
Drawing me closer to you
A new beginning
Now I know
There is no doubt I understand
Just how fragile love can be
I can't forget
Your mem'ry found me
Now I know where I belong

I'm ready this time
I know that I'm no longer undecided
Don't wanna be a fool wondering

What might have been
Through every day, into the night
With only love to guide us
I'm ready to go, coz I've got to know
What might have been
Let the lovin' decide, I can't run, I can't hide

I want you to know
My heart will show that I'm ready this time
I know that I'm no longer undecided
Don't wanna be, a fool wondering what might have
been
I've searched everywhere, and nothing compares
When we've got love to guide us

I'm ready to go, coz I wanna know what might have
been
I'm wondering what might have been
We're gonna find what might have been
Oh I wanna know what might have been.
