If I were a musician
I would play you sweet love songs
And before the tune was through
You would sing along
And every note the master wrote
Would say that I love you
Oh if I were a musician
I'd sing my song for you
'Cause I love you
Yes I love you
Maybe I could go on living
If you would love me too

If I were a magician
I would make him disappear
I would simply snap my fingers
And he'd be gone from here
I'd wave my wand and from now on
You'd belong to me
Oh if I were a magician
You'd still be here with me
'Cause I love you
Yes I love you
Maybe I could go on living
If you would love me too
