I want to walk with you
I'd like to talk to you
Everything you say thrills me through and through
Yes darlin', I'm still in love with you

I often wonder why I always sit inside
Just for the thought of a girl like you
You went away and you left me
That's why I'm lonely and I'm blue

You know that I love you, baby
And I have tried to be true
I'm not going to try to break your heart, darlin'
Or do anything that will make us part, yes I love you

I want to walk with you
I would like to talk to you
Everything you say thrills me through and through
Yeah darlin', I'm still in love with you

You know that I love you, baby
And I've tried to be true, tried to be true
I'm not going to break your heart now, darlin'
I won't do anything that will make us part, yes I love you

I want to walk with you
I want to talk to you
Everything you say, it thrills me through and through
Yeah, yeah baby, I'm still in love with you
