The shadow of your smile when you are gone
Will color all my dreams and light the dawn
Look into my eyes, oh my love and see
All the lovely things that you are, you are to me
Our wistful little star, it was far, it was way too high
A teardrop kissed your lips and so did I
Now when I remember spring and all the joy that love
can bring
I will be remembering the shadow of your smile
I said, "The shadow of your smile when you are gone
Will color all my dreams and light the dawn
Will you look into my eyes, oh my love, I know you will
see
All of the lovely things that you are to me"
Our wistful little star, it was far, too high
A teardrop kissed your lips and so did I
Now when I remember spring and all the joy that love
can bring
You know I will be remembering
The shadow of your smile when you are gone
