I don't have to beg you to hold me  
Cause somebody else will  
You don't have to love me when I want it, no  
Cause somebody else will

Some kind friends say you don't need it  
When all the time they're trying to get it  
Look out, your good thing  
Is about to come to an end  
Your real good thing  
Is about to come to an end

All those nights I watched the four walls  
I did not have to watch them all alone  
When other women said they wanted me, baby  
I didn't have to tell them I was  
Your very own

You have all the love I've got  
Even ice melts to water and gets hot  
Look out, your good thing  
Is about to come to an end  
You real good thing  
It's about to end

Getting myself back together  
Is going to be a big problem I know  
But when the right woman says she wants me  
You can bet I won't tell him no

Cause your real good thing  
Is about to come to an end
