At last  
My love has come along  
My lonely days are over  
And life is like a song  
Uh uh uh  
At last  
The skys above are blue  
My heart was wrapped in clover  
The night I looked at you  
I found a dream  
That I could speak to  
A dream that I  
Call my own  
I found a thrill  
To press my cheek to  
A thrill that I  
I never known  
You smiled  
And then the spell was cast  
And here we are  
In heaven  
For you are mine at last  
I found the dream  
That I could speak to  
A dream that I  
Could call my own  
I found a thrill  
I Love to press my cheek to  
A thrill that I I I  
I never known  
You You You smiled  
And then the spell it was cast  
And here we are  
We are in heaven  
For you are mine  
At last
