Well the coal black sea waits for me me me  
The coal black sea waits forever  
The waves hit the shore  
Crying more more more  
But the coal black sea waits forever  
The tornados come up the coast they run  
Hurricanes rip the sky forever  
Though the weathers change  
the sea remains the same  
The coal black sea waits forever  
There are ashes spilt through collective guilt  
People rest at sea forever  
Since they burnt you up

Collect you in a cup  
For you the coal black sea has no terror  
Will your ashes float like some foreign boat  
ot will they sink absorbed forever  
Will the Atlantic Coast  
have its final boast  
Nothing else contained you ever  
Now the coal black sea waits for me me me  
The coal black sea waits forever  
When I leave this joint  
at some further point  
The same coal black sea will it be waiting
