"The Last Shot"

The last shot should've killed me
Pour another drink
Let's drink to the last shot
And the blood on the dishes in the sink
Blood inside the coffee cup
Blood on the table top
When you quit, you quit
But you always wish
You knew it was your last shot
But when you quit, you quit
But you always wish
You knew it was your last shot
I shot blood at the fly on the wall
My heart almost stopped
Hardly there at all
I broke the mirror with my fall
With my fall - fall - fall
Fall - fall - fall
Gimme a double
Give yourself one too
Gimme a short beer
One for you too
And a toast to everything that doesn't move
That doesn't move

But when you quit, you quit
But you always wish
You knew it was your last shot
When you quit, you quit
But you always wish
You knew it was your last shot
Whiskey, bourbon, vodka and scotch
I don't care what it is you've got
I just want to know that it's my last shot
My last shot
I remember when I quit pretty good
See this here's where I chipped my tooth
I shot a vein in my neck and I coughed up a quaalude
On my last shot
My last shot
But when you quit, you quit
But you always wish

You knew it was your last shot
When you quit, you quit
But you always wish
You knew it was your last shot
