Shalinu  
Face the tears down  
Look and don't avert your eyes  
Take a photograph in case your memory lies  
There's the cash  
There's the travel  
There's the life they've got for you  
Do you want it just because they say you do?  
Shalinu

Shalini, Shalini  
It's a right-now world  
And will you wait the long wait for me?  
Shalini, Shalini  
It's a give-in world  
And will you fight the good fight with me?

See the play  
Play the hit  
Hit the spot  
Spot the fake  
Fake the count  
Count the take  
Take the lead  
Lead the way  
Weigh the risk  
Risk the change  
Change the plan  
Plan the time  
Time the move  
Move the mouth  
Mouth the name  
Name the place  
Place the blame

Learn the faces  
Build the basis for a year  
Rub the surface of the ice until it's clear  
Shalina  
Face the stares down  
Face the lay down and the law  
Do they know you just because they found a flaw?

Shalina

Shalini, Shalini

It's a right-now world

And will you wait the long wait for me?

Shalini, Shalini

It's a give-in world

And will you fight the good fight with me?

Shalini, Shalini

It's a back-off world

And will you stand some hard ground with me?
