Uncle Lucky and Ray  
Went overboard yesterday  
Ran a boat out on the haze  
Thought contraband runaways

Uncle Lucky and Wade  
Hooked up with some renegade  
Convenience store as barricade  
More losing cards overplayed

Didn't they hope to rise?  
Didn't they hope to stay and  
Didn't they hope to  
Mark their stand as a castaway?

Uncle Lucky and Slate  
Motivated to agitate  
Innocents auf interstate  
No ethics to haul in freight

Miles to change  
Miles stained all along the gone

Cat-track outback, Pontiac hi-jack,  
Fishshack flashback, jaw slack gun rack  
Come back when it's all gone wrong

Didn't they close their eyes?  
Didn't their notice the train and  
Didn't they hope to  
Mark their stand as a castaway?

Uncle Lucky and Ray  
Lost overboard yesterday
