My love is mutilation
She moves from the east and western divides
She controls the ocean we make like a typhoon to kill up
our time
Formed last mai exit juin enter juillet
She's a cold break from the sun ask anyone
And her tide creeps like a bug into my lungs
Kick snare kill these beats and hi-hats
My blood moves in the rhythm of a kick kick her love is
mutilation

We fall from the east and western divides, she flows
like the ocean a never-ending
Way to kill up our time
Formed last mai exit juin enter juillet
Stiches through the pictures she's a needle in the
sewing maching
Fabric worn by angels something wicked like an anchor
pulling down my sin is complication
Held down at the station for questioning
