Gimme shelter, cold was the night,
Fires burn deep in the sky.
I been trying so hard just to weather
The storm in your eyes
Stranger, fire and ice, diamonds that glow in the dark
You look, but don't touch, oh I wanna so much
She says burn.

Take no prisoner, steal your soul
Give you no quarter, and never let go
All through the night, she's tempting your fate
She gives you no choice, you can't hesitate

[Chorus:]
Running for cover, run for your life
Running for cover, got no place to hide
Running for cover, do it or die
Running for cover, run for your life

Heartbreaker, never look back,
Run from the sounds of her love
So cold like the steel on a blade
Cutting straight through my heart.

Take no prisoner, steal your soul
Give me no quarter, and never let go
All through the night, tempting my fate
Gave me no choice, I can't hesitate

[Chorus]

Take no prisoner, steal my soul
Give me no quarter, and never let go
All through the night, just tempting my fate
Gives me no choice, I can't hesitate

[Chorus]

Gimme shelter, cold was the night,
Fires burn deep in the sky.
I been trying so hard just to weather

The storm in your eyes
Stranger, fire and ice, diamonds that glow in the dark

Give you no quarter, and never let go
All through the night, she's tempting your fate
She gives you no choice, you can't hesitate

[Chorus]

Heartbreaker, never look back,
Run from the sounds of her love
So cold like the steel on a blade
Cutting straight through my heart.

Take no prisoner, steal your soul
Give me no quarter, and never let go
All through the night, tempting my fate
Gave me no choice, I can't hesitate...

[Chorus]

Take no prisoner, steal my soul
Give me no quarter, and never let go
All through the night, just tempting my fate
Gives me no choice, I can't hesitate

[Chorus]
