Collapse with me under a blood red sea under my
tapestry I wove from skylines
And tissue from inside of you and me, this wasn't
meant to be
My love will grow these branches and become a tree
I made this sound,
The sound of falling down where your piano drowns
with my devotion
I made this for you baby, I'm so into you you're the
sugar on my tongue
You're the violent murderous trace in me and the
twisting has begun
Forget the sun forget the world above, I'll give you all
you need
Ingesting damage but honestly this wasn't meant to be,

But fate comes forcefully
And where you end, and I begin no one can see
Baby, I'm so into you you're the sugar on my tongue
You're the violent murderous trace in me and the
twisting has begun
And sometimes you might panic
For the air as the ocean swims into your lungs and hair
Crush fading drowners start to to tear
Baby, I'm so into you you're the sugar on my tongue
You're the violent murderous trace in me and the
twisting has begun
Fading tracing
Baby, I'm so into you
