We are the chosen  
The keepers of all we know  
We are the future  
Of all we believe

We are the children  
Who reached for the open door  
But all we found  
Was the Demon Disease

Where can we go  
From the terror within  
We must be guilty  
If love is a sin ...  
How can we live  
To be proud of the flag  
When politicians are part of the  
Plague!

(Chorus)  
From the fathers to sons  
Our dreams will carry on  
And the powers to be  
Will fight for you and me ...  
Demon Disease ...

We live the life  
Of illusions and fantasy  
Sometimes it's harder  
To take than to give

And as we opened  
The door to reality  
We saw the Demon  
Who's dying to live

How can we run  
When there's nowhere to hide  
I'm not a stranger with  
No one to ride  
Is there a chance

For the young to be old  
The heart is on  
But we're out in the cold

(Chorus)

How can we run  
When there's nowhere to hide  
I'm not a stranger with  
No one to ride  
Is there a chance  
For the young to be old  
The heart is on  
But we're out in the cold!

(Chorus)

From the fathers to sons  
Our dreams will carry on  
Demon Disease!!
