I see the world  
Through different eyes than you  
Time is the key  
And my heart is locked and waiting

I'm coming home to hold you  
I know it's hard to be alone, for so long

I'll find a way, ooh, someday  
To get right back to you  
Find the time, cross the line  
Make all your dreams come---

When we're alone  
Gonna make you feel alright  
No more fears, no more tears  
I'm gonna hold you, oh, so tight  
Just close your eyes, start counting  
And when they open I'll be home, right next to you

Just keep holding on  
I'm always going to find a  
Find a way to you

Just can't be too soon  
You know I'm going to find a  
Find a way to you

Eyes to the sky  
It's of you I'm always dreaming  
Cursing the ground  
That keeps me from you

No time for dreaming  
I'll find a way, I'll find a way  
No time for praying  
May be today, I'll find a way

Just can't be too soon  
You know I'm going to find a  
Find a way to you

I'll find a way  
Ooh, someday  
To get right back to you  
Find the time, cross the line  
Make all your dreams come true  
I'll find a way  
Ooh, someday  
To get right back to you  
Find the time, cross the line  
Make all your dreams come true
