I am the voice of rebellion
From a city black with hate
Imprisoned by the rules you make
I never will be free

Even strangers cry
When they see this life

In these days of suffering
Black odyssey
Lost in the crumbling streets
Of a concrete land

When the moonlight hides
I prowl the night alone

Wake up, time for freedom
Open up your eyes and come with me
Wake up, time for freedom
Open up your mind and you'll be free

Look around, can't you see
Listen hard, try to hear
Shattered screams crack the sky
Useless promises

Wake up, time for freedom
Open up your eyes and come with me
Wake up, time for freedom
Open up your mind and you'll be free

Look around, can't you see
Listen hard, try to hear
Shattered screams crack the sky
Useless promises

Take away all our hopes
Bullshit walks, no one talks
Fuck the man who takes a stand
Beat him down, burn his land

Fight the fight, wipe your tears
Shattered screams crack the sky
Break away from your fears

Hey, come on

Wake up, time for freedom
Open up your eyes and come with me
Wake up, time for freedom
Open up your mind and you'll be free

Time for freedom
Crying for freedom
Dying for freedom
Time for freedom
Crying for freedom
Dying for freedom
