\* Lust, hate, love  
Thru the burning heat  
Lust, hate, love  
Thru the jungle beat  
Lust, hate, love  
Thru the burning heat  
Lust, hate, love  
Thru the burning heat

Swimming thru the jungle river  
To the acid sea  
Walking under the burning sun  
Waiting for the rain  
I've been acting like a cave man  
But I don't understand  
I've been livin' thru the stone ages  
And I feel so strange

I'm gonna rush to the star light drive  
I feel so free and join the tribe

\* Repeat

Swimming thru the jungle river  
To the acid sea  
I've been livin' thru the stone ages  
And I feel so strange

I'm gonna rock to the morning light  
And I'm so free & being alive  
Swimmin' thru the jungle river  
Walkin' under the burning rain

\* Repeat
