"No Way Out"

Lost in the underground
Lookin' for daylight
Afraid of darkness
And surrounded by the light

Screaming I shout
There's no way out

You said goodbye so cold
I stood in wonder
Shocked by the silence
Shaken by thunder

Screaming I shout
There's no way out

I ask questions and you tell me lies
Try to make you but I'm hypnotized
Am I over you? I got my doubts
I try everything, there's no way out

I walk the streets at night
I hear your laughter
The voices in my head
They don't mind, I don't matter

Screaming I shout
There's no way out

Watching the hours crack
Still have that feelin'
Darkness attacks the wall
I hit the ceiling

Screaming I shout
There's no way out

I ask questions and you tell me lies
Try to make you but I'm hypnotized
Am I over you? I got my doubts
I try everything, there's no way out

You got your vain excuses
I got my anger
One fight, guess who loses
That's what tortures me

I ask questions and you tell me lies
Try to make you but I'm hypnotized
Am I over you? I got my doubts
I try everything, there's no way out

You got your vain excuses
I got my anger
One fight, guess who loses
That's what tortures me

There's no way out
There's no way out
There's no way out
There's no way out
