

Loudon Wainwright Iii "Unhappy Anniversary"

Visit "[Unhappy Anniversary](#)" on MotoLyrics.com

Unhappy Anniversary it's one year since we split
I walk and talk and get around, lie down, stand up and
sit
I eat and drink and smoke and sleep, live a little bit
Unhappy Anniversary it's one year since we split

Unhappy Anniversary it's ten years since we met
There is no need to remind me, no way I could forget
We fell in love and we fell out,
Both times there was no net
Unhappy Anniversary it's ten years since we met

Unhappy Anniversary I can not count the days
And nights that I have thought of you
Since we went separate ways
I tell my mind to forget you but my heart disobeys
Unhappy Anniversary I can not count the days
(Repeat verse 1)
