I got Lonenly so I started thikin about  
The walks in the park, the long talks after dark oh  
Cleanin out the old drawer I found some pictures  
Of a man in a happier state of mind

I should'nt have stated away so long this time  
And if u don't have someone else, u still be mine

(CHORUS)

I wanna get back with you  
Do all the things u want me 2 do  
I wanna get back with u  
I wanna stay close this time  
You'll have yours and I'll have mine  
I wanna get back with u

I wish I could say even half of this to u  
But you've heard it from me so many times before oh  
I'm afraid 2 go looking causeif u hear me knocking  
You might not answer the door

My Attention span and me don't get along  
But Your melody I sing in every song

(REPEAT CHORUS)

I admit I used to be a little inmature  
So forget the past and don't let it make u feel so  
insecure  
Because to have you again to run to  
Is worth it's weight in gold  
I don't wanna be lonely, I want someone for my own

(REPEAT CHORUS)

It'll be u and me, and u together forever,  
This love ists true
