It's a great, great pleasure, a great, great, great, big
thrill

It's a great, great pleasure, a great, great, great, big
thrill

When you got your baby and a whole lotta time to kill

Did you ever get a feelin' that your feet had turned to
stones?

Do you ever get a feelin' that your feet had turned to
stones?

Do you get a funny feelin' running up and down your
bones?

That's rheumatism

It's a great, great pleasure, a great, great, great, big
thrill

It's a great, great pleasure, a great, great, great, big
thrill

When you got your baby and a whole lotta time to kill

Did you ever feel lucky and wake up cold in hand?

Did you ever feel lucky and wake up cold in hand?

Find you ain't got a nickel and your woman's got
another man

Bad deal
