I got a woman as big as a house, yes sir  
She's as big as a 2 family house with a porch & a fence  
You won't believe what you see when you look at her  
She's enormous, colossal, tremendous, gigantic,  
immense  
Why try to deny it, she's just what I like, If she goes on  
a diet  
I'm on strike

The bigger the figure, the better I like her  
The better I like her, the better I feed her  
The better I feed her, the bigger the figure  
The bigger the figure, the more I can love

She's exactly like a watermelon  
Big around & sweet  
In a party dress, she may be quite a mess  
But I love her a lot, so what if she's not so neat

The bigger the figure, the better I like her  
The better I like her, the better I feed her  
The better I feed her, the bigger the figure  
The bigger the figure, the more I can love

If she ever, eats me out of money  
And we need the rent  
Thata be a synch, cause when we're in a pinch  
I could put her to work under a circus tent  
The bigger the figure, the better I like her  
The better I like her, the better I feed her  
The better I feed her, the bigger the figure  
The bigger the figure, the more I can love

[Bridge]

She's exactly, like a watermelon  
Big around & sweet  
In a party dress, she may be quite a mess  
But I love her a lot, so what if she's not so neat

The bigger the figure . . . . .  
The better I like her . . . . .

The better I like her . . . . .  
The better I feed her . . . . .  
The better I feed her, the bigger the figure  
The bigger the figure, the more I can love

The bigger the figure, the better I like her  
The better I like her, the better I feed her  
The better I feed her, the bigger the figure  
The bigger the figure, the more I can love
