Silently falling down,
Bringing hope of the future to the children.
Fills the air with a magic sound.
Giving light to sight that cannot see,
Hopefully, hopefully

Don't believe in miracles,
I do believe in love.
Don't advise you to stick to rules,
There ain't no need to push and shove
Or in the end you'll reflect the pool
Reaching for the sky above

I know there's something,
I don't know how long its taking in coming,
I still sing the song.
All of the pieces fit,
The puzzle carries on.

Silently circling around
Giving scope to our imagination
Stills the sea, restore the crown
Breathing life to life that could not be,
Hopefully
Eventually

Silently falling
Falling down
