You know I love you, we can't be without you  
When I'm alone, I still feel this way about you  
Every thing's clear, here is here  
And everything is as it appears to be so

Here am I dreaming, I stand by myself  
Look and it's easy to see that  
I'm not the only one reaching for a new kind of wealth  
Reaching with nothing to hide and you by my side

You know we love you, we can't be without you  
When we're at home, we still feel this way about you  
Every thing's clear, here is here  
And everything is as it appears to be so

Here we are dreaming, we stand by ourselves  
Look and it's easy to see that  
We're not the only ones reaching for a new kind of  
wealth  
Reaching with nothing to hide, you on our side
