Ooh yeah  
Uh-huh  
Yeah, yeah  
Ooh-ohh, ooh-oooh

In the dark, in the dark cold night.  
I am wide, I am wide awake  
Thinking about all the things we said  
Anger! hey, hey!

How you looked when you slammed the door  
How I felt when you walked away.  
And I give everything I have  
If you stay, you stay.

It hurts deeper than you know  
I can't go on like this.

Don't care who's wrong or right  
Don't care too much for pride  
The love between us is all that matters

Won't you come back to me?  
We'll work it out somehow  
Oh, can't you see that it's all that matters.

Oh!

In the tears of so many years  
When I think of the time we spent  
And I can't seem to stop the tears  
From falling, falling.

If I could I would turn back time  
If I could I could at least stop pain  
There is only so much the heart could take  
From breaking, breaking.

It hurts more than you could know  
I can't go on like this

Don't care who's wrong or right  
Don't care too much for pride  
The love between us is all that matters

Oh, oh!

Won't you come back to me?  
We'll work it out somehow  
Oh, can't you see that it's all that matters.

Oh!

I miss the feeling of lying in your arms  
Lying in your arms  
I miss your reach every moment  
That we're apart  
We're apart  
We're apart  
Yeah, yeah.

Don't care who's wrong or right  
Don't care too much for pride  
The love between us is all that matters

Won't you come back to me?  
Won't you come back to me?  
We'll work it out somehow  
We'll work it out somehow  
Oh, can't you see that it's all that matters.

Don't care who's wrong or right  
Don't care too much for pride  
Oh oh yeah  
The love between us is all that matters

Don't care who's wrong or right  
Won't you come back to me?  
Don't care too much for pride  
Won't you come back to me now baby?  
The love between us  
We'll work it out somehow  
Is all that matters

[repeat to fade]
