I've been watching  
Shy  
I've been watching  
Shy  
I've been watching  
Shy  
I've been watching  
Shy

I've been watching, aah  
I've been waiting, ohh  
Now I'm complaining  
Your the one for me

After all this, ahh  
Fascination, ohh  
And frustration  
Building inside of me

Wanna feel your arms around me  
Wanna feel your lips to mine  
Wanna kinda lovin' baby

That is blue in my mind

I'm full with imagination  
Don't try to waste my time  
Let's get together  
Who knows what we'll find

So, don't be shy  
That guy  
He's gonna be the one tonight  
If we started something that will last forever

Don't be shy  
That guy  
I know you're gonna treat me right  
Baby see you ready and we'll get together, now

Shy

Saw you walking, ahh  
Saw you talking, ohh  
Now I liked to know  
What song you like

Conservation, ahh  
You've been faking, ohh  
Should be making  
Losing my way tonight

Gonna start hesitating  
Gonna take the chance tonight  
May never get another  
Time left feeling so right

My head is spinning baby  
You caught me right on time  
You feel the night  
Decide to pass us by

So, don't be shy  
That guy  
He's gonna be the one tonight!  
If we started something that will last forever

Don't be shy  
That guy  
I know you're gonna treat me right  
Baby see you ready and we'll get together, now

You're running love  
You're running now  
I've seen the sign  
Yes I can tell

I can tell

I show you love  
I show you how  
So don't be shy  
And stand your ground

I've been watching

Get down

That is blue in my mind

It's good for you  
It's good for me  
It's good for you now baby  
Let's get together  
Who knows what we'll find

So, don't be shy  
That guy  
He's gonna be the one tonight  
If we started something that will last forever

Don't be shy  
That guy  
I've been watching  
I know you're gonna treat me right  
Baby see you ready and we'll get together, now

I've been watching

Just lay your love  
Just lay your love  
Just lay your love  
For me tonight

Just lay your love  
Just lay your love  
Just lay your love  
For me tonight

I've been watching

Just lay your love  
Just lay your love  
Just lay your love  
For me tonight

I've been watching

Just lay your love  
Just lay your love  
Just lay your love  
For me tonight

I've been watching

Repeat to fade
