Hey, you cash on the barrel-head and get on the floor
And all the rest of you away from the door
And everything that you ever thought would come true
I've got news for you...

All the cash on the barrel-head
You never thought you'd be doing this ever
I don't know why you think you can talk to me
In such an uncivil tone

I should peel back the skin from an orange
'Remember how you got all o' this
Well all of this... is stiff of coming true

There's nothing you can do to change it
You don't have to do the crime to do the time
It's just guilt by association

I've been thinking to myself
There's something we should be afraid about
Are you starting to figure out
That you're never going home?
(Going home...)

All alone, but from what I see fit
There's nothing you can do to change it
You don't have to do the crime to do the time
It's just guilt by association

I'll stop you right here
I've got something to say
Everything they deserve today
Is going to come true...
How 'bout you?

No, you never thought you'd be in this place right here
Where we're at
Well there's something you must confront right now,
now

Don't you wish you could
Take it

Don't you wish you could change the way I feel
Don't you wish you could look into my eyes
And make me feel
You're going to make me feel

It's just guilt by association
