Do-do, do-do, do
Do-do, do-do, do
L.o.v.e., love

Boy I'm telling you
There's so much you gotta do
Give your love to me
See it for eternity

Open up your heart
Tell me that we will never, ever, part

Won't you say that you
Never know love as you do
Be there, so happy

Ooh-aah, giving you, ooh
Happy love
Ooh, happy love
L.o.v.e., love

Ooh-aah, giving you, ooh
Happy love
Ooh, happy love
L.o.v.e., love

Give me love
Give me love
Give me love now
Give me love
Give me all your love you've got

Give me love
Give me love
Give me love now
Give me love
Give me all your love you're got

No more feeling blue

Baby that would never do
You can count on me
To give you everything you need

If you're going for
I will be right there with, you, ahh

Won't you say that you
Never know love as you do
Be there, so happy

Ooh-aah, giving you, ooh
Happy love
Giving you happy love
L.o.v.e., love

Ooh-aah, giving you, ooh
Happy love
Giving you happy love
L.o.v.e., love

Give me love
Give me love
Give me love now
Give me love
Give me all your love you've got

Give me love
Give me love
Give me love now
Give me love
Give me all your love you're got

Give me love
Give me love
Give me love now
Give me love
Give me all your love you've got

Give me love
Give me love
Give me love now
Give me love
Give me all your love you're got

Give me that love
Give me that boy
Give me that thing that I enjoy
Give me it high
Give me it cool
Give me it anyway at all!

Need it from you
And I need it right now!
Need for you to show me how

Know that you're good
But you better be bad
Gotta be the best I ever had

Won't you say that you
Never know love as you do
Be there, so happy

Ooh-aah, giving you, ooh
Happy love
Giving you happy love
L.o.v.e., love

Ooh-aah, giving you, ooh
Happy love
Giving you happy love
L.o.v.e., love

Ooh-aah, giving you, ooh
Give me that
Give me that
Ooh-aah, giving you, ooh
Give me that
Give me that
That sweet, sweet loving
L.o.v.e., love

Ooh-aah, giving you, ooh
Give me that
Give me that
Ooh-aah, giving you, ooh
Happy, happy, love, love
L.o.v.e., love

Happy love
Do-do, do-do, do
Do-do, do-do, do
