(by douglas, louise and mandu)

Um ah  
Party time  
Ooooooh  
The sound up now  
C'mon now  
Hooo hooo hooo

Jump up  
Ah  
Ha ha  
Ooooooh  
Jive it baby  
Wicked

This time is right for love  
The feelings I can't hide away  
It's written in my eyes  
I want you endlessly my love  
Just gotta hear from you  
That baby you will always be  
Not too far away

I can hardly wait  
With every moment we're together  
Baby close your eyes  
Oh don't you know  
We'll share that beat of love  
This truth can last forever  
Every morning noon and night  
'cos I just can't

Keep the lovin' in  
I gotta keep it movin' on  
With a natural rhythm  
It's you that I need with me now

I gotta keep it movin' on  
'cos I can't do without  
Won't you tell me I'm your baby for life

Never give up on a good love  
Never give up never give up

Don't worry 'bout a thing  
There's nothing you can do  
Just let the magic take it up  
You've got to just sit back  
And when we're in the mood  
We'll take time to make the feeling good

Ooooh that's what you do  
Don't you hesitate  
Just use the moonlight and magic  
The rhythm making love before you know  
I'm longin' for you baby  
(your love)  
Every morning noon and night  
'cos I just can't

Keep the lovin' in  
(in)  
I gotta keep it movin' on  
(oooooh)  
With a natural rhythm  
It's you that I need with me now  
I gotta keep it movin' on  
'cos I can't do without  
Won't you tell me I'm your baby for life  
Never give up on a good love  
Never give up never give up

I'll be the hotel, motel, holiday inn  
Baby don't start  
I'll take you on a ride  
Shake the vibe keep it alive  
Party party all night  
You know the flow's right  
Give it up you know we're makin' love tonight  
Faster faster comes the mister big stuff  
You might keep it in so let it get rough

I can hardly wait  
With every moment we're together  
Baby close your eyes  
Oh don't you know  
We'll share that beat of love  
This truth can last forever  
Every morning noon and night  
'cos I just can't

Keep the lovin' in

Gotta keep it movin' on  
(uh huh)  
With a natural rhythm  
It's you that I need with me now

I gotta keep it movin' on  
(movin' on)  
'cos I can't do without  
Won't you tell me I'm your baby for life  
(kiss)  
Never give up on a good love  
Never give up never give up

Ooooh  
Let you know  
My my yeah  
My my yeah  
My my yeah

My my yeah  
Dooo doo doo doo  
My my yeah  
My my yeah

My my yeah  
My my yeah  
My my yeah

My my yeah  
My my yeah  
My my yeah
