Uh-huh, yeah!

Baby I'm back
By the way I had to come to you
To see if the love that we knew before
Had passed the test of time.

Oh!

Time changes almost everything
Sometimes I don't see the best side
Of the felling we would share.

So baby,
Lets go round again.
Maybe we turn back the hands of time.
Lets go round again,
One more time!

Lets go round again.
Maybe we turn back the hands of time.
Lets go round again,
One more time!

One more time.

One more time.

Now, baby I know
That you think I would be different now
Inside of me nothing has changed
So I am asking you again.

Please, no one else could have brought me back
No one else could ever have freed me
Of the memory I kept in my heart!

Lets go round again.
Maybe we turn back the hands of time.
Lets go round again,
One more time!

Lets go round again.
Lets go round again.
Maybe we turn back the hands of time.
Ooh-ooh yeah!
Lets go round again,
One more time!
One more time!

One more time
Said one more time.
One more time
One more time.
One more time
Said one more time.

Oh yeah!
Oh year!
Ooh!
Uh-huh yeah!
Lets go round again

Lets go round again
Ooh-ooh.
Maybe we turn back the hands of time.
One more time
Lets go round again,
One more time
One more time!

One more time
Oh baby, yeah baby!
Ooh-huh.
Ooh-ooh yeah!
One more time
One, one more time!

Lets go round again.
Maybe we turn back the hands of time.
Lets go round again,
Tell me baby!
One more time.
One more time
