So, so you went away said you needed time  
Needed space and needed changes in your life  
I should have known  
There is thunder in paradise!

Love, isn't over 'til it stands the test of time  
I believe the best of love will survive  
I don't know how, I don't know why!

But I know I love you baby  
Where ever you go I'll be there  
I wannabe where you are  
No matter how near or far  
Love will bring you back to my heart!

Whatever it takes I'll find you  
As long as there's heaven above  
I'm never gonna give you up  
Love will bring you back to my heart!

Ummmm, ummm!

I, close my eyes and feel your hands caressing me  
I know our love won't fade into your memory  
I still believe  
You'll be with me, yeah!

'cos you know I love you baby  
Where ever you go I'll be there  
I wannabe where you are  
No matter how near or far  
Love will bring you back to my heart!

Whatever it takes I'll find you  
As long as there's heaven above  
I'm never gonna give you up  
Love will bring you back to my heart!

Where ever you go I'll be there

I'll be there!  
I wannabe where you are  
where you are!  
no matter how near or far  
ummmm  
love will bring you back to my heart!

Whatever it takes I'll find you  
oh yeah!  
as long as there is heaven above  
ooh-ooh!  
I'm never gonna give you up  
ooh-ooh-ooh!  
love will bring you back to my heart!

Don't you know  
I run circles around the sun  
circles around the sun!  
for the chance to be right by your side  
ooh-ahh!  
yeah, baby I gonna keep on holding on  
holding on!  
Because I never feel strong enough to survive

Where ever you go I'll be there  
I wannabe where you are  
where you are!  
no matter how near or far  
Love will bring you back to my heart!

Whatever it takes I'll find you  
oh yeah!  
as long as there's heaven above  
I'm never gonna give you up  
Love will bring you back to my heart!  
heart!

Where ever you go I'll be there  
oh yeah!  
I wannabe where you are  
where you are!  
no matter how near or far  
Love will bring you back to my heart!
