you are pretentious
with the lights off
you got your paper jeans
and your tummy tuck

you use fucking as an adjective
but you cant save time in a bank for kids.

well you wont stop talking when im trying to bang your
friend.
but i love you so much ill wait until the end.
you keep nagging me dont stop until you scream
cuz lovely little girls aren't always what they seem.

sometimes you just have to be alone?
sometimes you just have to be alone

you are pretentious
with the lights off
you got your paper jeans
and your tummy tuck

you use fucking as an adjective
but you cant save time in a bank for kids.

sometimes you just have to be alone?
sometimes you just have to be alone

you use fucking as an adjective
but you cant save time in a bank for kids
