"Swarming of the Bees"

I'm free as the bees
I do as I please
In the days, between the hours
I'll build you up, like ivory towers

Go down
Watch'em all fall down
Watch'em all fall down
Watch'em all fall down

'Cause your outta my head some
Lick the wounds off your lips
Confuse you with your conscience
Perverse you with a hiss

Well swarm, baby swarm
Pack your bees, into the hive
You're a mouse, in the field
When the hawk, ready to dive

Down
Watch'em all fall down
Watch'em all fall down
Watch'em all fall down
Watch'em all fall down
