I can't be so sweet to you!

Come on by me  
you look so good you know  
you look so good for the summer

I wanna stroke your ego  
and dress you like a prom queen  
while you're hanging tight on my attitude

Well hold back, show me something  
Hey girl!  
Can you tell me something?  
Every time I stumble your tiny face I see  
you might just make a cheater out of me

Glass on the carpet, your legs on the couch  
And all you wanted is my love in your mouth  
You're so bedable, such a little acceptable  
well possibly incredible

I want fun.....upsetable?  
I wanna taste you like you're fucking edible  
I can't be so sweet to you  
until I find the right excuse  
I can't be so sweet to you

Cathedral ceiling, chandeliers  
eleven diamonds hanging from your ears  
Eyes like colored pencils, drawing into me  
Every time I struggle you're the only face I see

Taking pictures of herself with her phone  
Click, click sugar stick, leave the queer alone  
Around the corner, confidentially  
you might just make a cheater out of me

I can't be so sweet to you  
until I find the right excuse  
I can't be so sweet to you  
I can't be so sweet to you

until I find the right excuse  
I can't be so sweet to you

So we're driving uptown in a taxi  
You know something? Well girl you better ask me  
Well take your clothes off, let the driver watch  
Look in the rearview mirror push the locks  
2, 4, 6, 8 who do you appreciate? ME ME ME ME ME!  
Every time I stumble it's your tiny face I see  
You might just make a cheater out of me  
4, 5, 6, 8 who do you appreciate? ME ME ME ME ME!  
Every time I stumble it's your gorgeous face I see  
you might just make a traitor out of me

I can't be so sweet to you  
until I find the right excuse  
I can't be so sweet to you  
until I find the right excuse  
I can't be so sweet to you
