(oh, I'm thinking about you baby)
(oh, your body drives me crazy)

I can see it now
You in the room on a sunday afternoon
And you can thrill me
Fulfill me
Hold me in your arms
I'm impressed against your charms

(oh, I'm thinking about you baby)
I said I'm thinking about you baby
(oh, your body drives me crazy)
Your body's driving me oh so crazy

Just wanna be near you
(watch your feelings grow)
Just wanna please you
I know that you'd like me to
Just wanna be near you
(watch your feelings grow)
Just wanna please you
(I know, you like, I know)

When I close my eyes
Your image is still there
I cannot help but stare
I'm addicted
Can you fix it
I just can't get enough
I just can't get enough
Of your loving touch

(oh, I'm thinking about you baby)
I said I'm thinking about you baby
(oh, your body drives me crazy)
Your body's driving me oh so crazy

Tell me I'm dreaming
Oh yeah
Am I in control

(am I in control)

(oh, I'm thinking about you baby)
I said I'm thinking about you baby
(oh, your body drives me crazy)
Said your body is driving me oh so crazy

Just wanna be near you
(watch your feelings grow)
Just wanna please you
I know that you'd like me to
Just wanna be near you
(watch your feelings grow)
Just wanna please you
(I know, you like)

(oh, I'm thinking about you baby)
I said I'm thinking about you baby
(oh, your body drives me crazy)
Your body's driving me oh so crazy
